| <b>Rio Morales</b> ( <i>Miles's mother</i> )                        | Luna Lauren Vélez ( <i>voiced her</i> )                                | –              |
| <b>Ganke Lee</b>                                                    | Fresh casting                                                          | –              |
| <b>The Maker</b> ( <i>Earth-1610's Reed Richards, turned evil</i> ) | Pedro Pascal                                                           | 51             |
| <b>Nick Fury of Earth-1610</b>                                      | Samuel L. Jackson                                                      | 77             |
| <b>Peter Parker of Earth-616</b> ( <i>post-credit</i> )             | Tom Holland                                                            | 30             |

## ✓ SHOWRUNNER DECISION (LOCKED): MILES MORALES = SHAMEIK MOORE

Per Casting Rule 2, Miles goes to **Shameik Moore** (born **May 4, 1995**; **31** at release). He's the only real actor to have played Miles. He plays **16** here, and Miles **ages up** across Phase 6 and beyond (**17 by *Secret Wars***, 18+ after it). Miles is a **full-power** Spider-Man with the whole Ultimate kit. **Nobody gets nerfed.**

*Casting note: Brian Tyree Henry plays two roles in the saga (Phastos and Jefferson Davis). They never share a scene, the same precedent as Laurence Fishburne.*

### 3. SOURCE MATERIAL (EARTH-616)

| Field                    | Entry                                                                                                                                                                                                                                                                                                                                                                                 |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Primary comic(s) adapted | <i>Ultimate Comics Spider-Man</i> #1–12 (2011–12), Brian Michael Bendis & Sara Pichelli: <b>Miles Morales</b> of Brooklyn is <b>bitten by a stolen Oscorp spider</b> and gets <b>spider-powers</b> plus <b>invisibility</b> and the <b>venom strike</b> . His uncle <b>Aaron</b> is <b>the Prowler</b> . Peter Parker of that universe <b>has just died</b> .                         |
| Supporting comics        | <i>Ultimate Spider-Man</i> #160 (2011, <b>the death of the Ultimate Peter Parker</b> ) · <i>Ultimates</i> #1 (2002, <b>the Ultimate Nick Fury</b> , drawn to look like Samuel L. Jackson) · <i>Ultimate Fantastic Four</i> / * <i>Ultimates</i> 3 ( <i>the Maker, the Ultimate Reed</i> ) · <i>Secret Wars</i> * #1 (2015): <b>the last Incursion is Earth-616 against Earth-1610</b> |
| Nerf check               | ✓ <b>Miles has everything Peter has, plus camouflage and the venom strike. Uncle Aaron</b> (the Prowler) <b>nearly kills him</b> , and Miles wins with heart.                                                                                                                                                                                                                         |

#### 3A. COMIC ACCURACY REPORT

| Field                  | Entry                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------|
| Overall accuracy score | <b>96%</b> . Bendis's first year is adapted closely, set against the Ultimate Earth's Incursion. |

##### Straight from the page:

- **Earth-1610's Peter Parker dies** fighting the Green Goblin (*USM* #160).
- **Miles Morales**, 13, of **Brooklyn**, is **bitten** by a spider **stolen from Oscorp** by his uncle **Aaron** (*UCSM* #1).
- **His powers**: everything Peter has, **plus invisibility (camouflage)** and **the venom strike** (#1–3).
- **Uncle Aaron** is **the Prowler**, a thief. He **tries to use Miles**, and **dies in their fight** (#10–12).
- **His father Jefferson** distrusts superheroes (#1).
- **Ganke** is his best friend, and finds out his secret right away (#2).
- **The Ultimate Nick Fury** (looking like Samuel L. Jackson) **recruits Miles** (#13+).
- **The Maker**, the Ultimate Reed Richards turned villain, is **trying to save his Earth by destroying ours** (*Secret Wars* prelude).

##### POWERS & ABILITIES

| Character        | 616 powers & abilities                                                                                                          | Shown in this film                                                            | Held back (why) | Match     |
|------------------|---------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------|-----------------|-----------|
| Miles Morales    | Spider strength, agility, wall-crawling, spider-sense; camouflage (invisibility); the venom strike (bio-electric); web-shooters | All of it: the venom strike shorts out a Prowler suit; he vanishes in a crowd | —               | ✓<br>100% |
| The Prowler      | Tech suit: claws, gliding, gadgets                                                                                              | Nearly kills Miles                                                            | —               | ✓<br>100% |
| The Maker        | Reed's genius, without a conscience                                                                                             | Plots to destroy Earth-616                                                    | —               | ✓<br>100% |
| Nick Fury (1610) | Master spy                                                                                                                      | Recruits Miles                                                                | —               | ✓<br>100% |

## 4. STORY

| Field                | Entry                                                                                                                                                                                  |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Logline              | In another universe, where Spider-Man has just died and another Earth is filling the sky, a Brooklyn kid gets bitten by a spider and has to become a hero before his whole world ends. |
| Theme                | <b>Anyone can wear the mask.</b> A new hero, in a universe with no time left.                                                                                                          |
| Villain / antagonist | <b>Aaron Davis / the Prowler</b> (main); <b>the Maker</b>                                                                                                                              |

### What the movie is about

- **Earth-1610.** Its **Peter Parker** is **dead**, and there's a memorial in Queens. **Another Earth** is visible in the sky, getting closer every day: **ours**.
- **Monday, June 1, 2026.** **Miles Morales**, 16, visits **his uncle Aaron**, who's been cagey lately, and a **stolen spider** bites him.
- **Powers. Camouflage. The venom strike.** **Ganke** figures it out right away.
- Miles puts on a suit. The Ultimate **Nick Fury** watches from a distance.
- **Uncle Aaron is the Prowler**, and **he wants to use his nephew**.
- **The fight.** Miles is losing, until **the venom strike** overloads the Prowler suit. **Aaron dies** in the explosion. Miles holds him. *"You were supposed to be better than me."*
- **The Maker**, Earth-1610's **Reed Richards**, cold and brilliant, is preparing to **destroy the other Earth** to save his own.
- **Fury recruits Miles** for a war he doesn't understand yet.

## 5. MCU TIMELINE PLACEMENT

| Field                   | Entry                                                                                                       |
|-------------------------|-------------------------------------------------------------------------------------------------------------|
| When it's set           | Monday, June 1, 2026 → Saturday, September 19, 2026 (Earth-1610 time)                                       |
| Where it's set          | Brooklyn and Queens, Earth-1610 (filmed on location in New York)                                            |
| Relative to other films | It runs at the same time as Earth-616's summer of 2026. Our Earth is <b>the other Earth</b> in Miles's sky. |

---

## 6. WORLD-BUILDING

### The film's own world

- **Earth-1610:** Miles, Ganke, his family, **the Maker**, **the Ultimate Nick Fury**.

### World-building for the wider MCU

| Seed             | How it appears    | Payoff                                                                           |
|------------------|-------------------|----------------------------------------------------------------------------------|
| <b>The Maker</b> | The Ultimate Reed | <i>Secret Wars</i> (on 616 he's a major villain there)                           |
| <b>Miles</b>     | A new Spider-Man  | <b>He survives <i>Secret Wars</i> and comes into Earth-616</b> (as on 616, 2015) |

### Setting up the Big Bad (THE SECRET WARS SAGA)

| Seed                      | How it appears                                             | What it means         |
|---------------------------|------------------------------------------------------------|-----------------------|
| <b>THE LAST INCURSION</b> | <b>Earth-616 and Earth-1610 are heading for each other</b> | <i>Secret Wars</i> #1 |
