#### 3A. COMIC ACCURACY REPORT

| Field                  | Entry                                                                |
|------------------------|----------------------------------------------------------------------|
| Overall accuracy score | <b>95%.</b> <i>Doomwar</i> and Shuri's 2009 arc are adapted closely. |

### Straight from the page:

- **Shuri faces Bast's trial. She's rejected at first**, and then **chosen** after proving her heart (*BP* vol. 5 #1–6).
- **Doom invades Wakanda** with the help of a traitor faction (*Doomwar* #1).
- **Doom takes the vibranium vaults** and begins **fusing vibranium with sorcery** (*Doomwar* #2–4).
- **To stop him, the Black Panther makes all of Wakanda's processed vibranium inert**, which **ruins Wakanda's economy** (*Doomwar* #6).
- **Doom escapes** (*Doomwar* #6).

### Changes and why:

| Change | Why |

|---|---|

| **Shuri leads the war** instead of T'Challa | On 616, **T'Challa** led *Doomwar* with Shuri beside him. Following real history and the locked showrunner decision, **Shuri is Black Panther**. |

| **Doom's reason** is to **build a machine that can survive the Incursions** | It ties the film into the saga. Doom isn't trying to conquer Wakanda. **He's preparing for the end of everything**. |
