⚠ *Real history (locked): Chadwick Boseman died on August 28, 2020. Under the rule that real history is fixed, he died in our reality too, and nobody else has played T'Challa. Showrunner decision: (a) honor him. T'Challa dies in the MCU (off-screen, of illness, between films), and Shuri becomes Black Panther, as she did on 616 in Black Panther vol. 5 (2009); or (b) recast T'Challa. ✓ Locked by the showrunner: option (a). T'Challa died in the MCU in 2020, off-screen, of illness. Shuri is Black Panther and takes her brother's seat among the Illuminati. The whole MCU, and the mockumentary, honor Chadwick Boseman.*

*A tribute to Stan Lee: a mural in the Atlantean throne room honors "the first Marvel hero," with Bill Everett's and Stan Lee's names carved beneath it.*
